**Erik Dilger**, a GABC member and forensic accountant from Deloitte Financial Advisory Services LLP is an experienced speaker in the field of Forensic Accounting. His professional experience over the last 9 years includes the investigation of various acts of fraud related to both Asset Misappropriations and Fraudulent Financial Statements investigations.

Mr. Dilger opens our eyes to common fraud schemes and the fraud detection techniques used by professionals to prevent them. He’ll shed light on what goes into a “typical” Forensic Investigation, and relate his personal experiences related to past engagements. Find out the common “red flags” that every professional should be aware of. This lunch session will conclude with a Question and Answer session.
