

ANALYZING BIOINTELLIGENCE WORLDWIDE

NETWORKING EVENT CAMBRIDGE, MA

Wednesday, 31st January 2024 | 6.30 – 9.00 p.m.

LabCentral

700 Main St, Cambridge, MA 02139

Biointelligence is the result of the convergence of bio-, hard- and software. This cross-fertilization of knowledge between life science, engineering and information science has the potential to trigger the emergence of a new technological paradigm.

To mark the visit of the Biointelligence delegation from Baden-Württemberg, Germany to Boston, we are delighted to invite you to a joint networking event on January 31, 2024.

This event will provide a unique opportunity to engage in stimulating conversations with our delegates, consisting of CEOs of SMEs, aspiring start-ups, directors and professors from renowned universities and research institutes, who are looking forward to meeting you.

Be our guest for one night!
